

Cars, That Impresses At First Glance

My Dream Cars

Well, in my ideal lifestyle and work, as an entrepreneur and a CEO soon to be, inspired by great business moguls, innovators, CEOs and entrepreneurs, I think of something beautiful, elegant and for every occasion while at the same time a multipurpose. So I dream big and big means big cars. The car must be built around me, the drive style should be built for me. The car should understand how I drive before I drive it. That said, here are my dream cars:

- Range Rover Sports
- Range Rover Vogue
- Range Rover Velar
- Land Rover Defender
- Lexus v8
- Landcruiser v9
- Jeep Wrangler
- Volkswagen Toureg
- BMW x5
- Benz G class
- Benz E class

The list can go on, but these are just sample of my dream cars, be sure to check them out for your inspiration.

REVIEW IN GENERAL:

There are many ways I being my review. The tone I adopt in my notes and the path I take when beginning my review is independent of others thoughts, but based on my thoughts, research and experience with the cars I dream of owning. I summarize my experience concisely.
